Handwriting practice row 1. The row is divided into 10 vertical lanes. The first lane contains a dashed line starting from a solid black dot on the left, curving up and then down to the right, ending with a small black arrowhead. The remaining 9 lanes are empty. On the far right, there is a line drawing of a propeller airplane with a lightning bolt symbol on its fuselage.

Handwriting practice row 2. The row is divided into 10 vertical lanes. The first lane contains a dashed line starting from a solid black dot on the left, curving up and then down to the right, ending with a small black arrowhead. The remaining 9 lanes are empty. On the far right, there is a line drawing of a helicopter.

Handwriting practice row 3. The row is divided into 10 vertical lanes. The first lane contains a dashed line starting from a solid black dot on the left, curving up and then down to the right, ending with a small black arrowhead. The remaining 9 lanes are empty. On the far right, there is a line drawing of a small car.

Handwriting practice row 4. The row is divided into 10 vertical lanes. The first lane contains a dashed line starting from a solid black dot on the left, curving up and then down to the right, ending with a small black arrowhead. The remaining 9 lanes are empty.
